## **DECLARE WAR ON 'SMELTER TRUST'**

Stockholders of Mining Company Seek to Wrest Control from the Guggenheims.

SERVE NOTICE OF SUIT

Would Abrogate Contract, Which They Say Caused Loss of \$500,000 in Year.

New York, Jan. II — An attack has been made upon the Guggenheim interests by Guggenheim interests by the control of the Company of the Company of the Company from the American Smelting Company from the American Smelting and Refining Company.

The first skirmish came to-day when the Guggenheims were given formal natice, prior to suit, that the contract of 506, which gives the so-called "Smelter Frust" absolute control over the products of the Federal Company until 1803, a comfidered unemforcible by the stock-solders' committee.

### **BUSY DAYS FOR** HERALD CONTESTANTS

Awards All Purchased, and One Every Contestant.

Thirty-six days remain for contestar

Thirty-six days remain for contestants to secure votes, and every day seems to surpass the preceding day in activity. Thousands of votes are being turned into The Advocate's headquarters daily. The fact that there are sharp changes in the relative standing of contestants, shows that everybody is hard at work. While there will be an award for everybody, this fact does not lessen the striving for the higher awards in the least.

nast. In fact, it acts as an incentive to

extra efforts.

The \$5.000 flours and lot purchased from H. R. Howenstein meets every requirement of the ideal home. In location, quality of materials used, and ex-

quirement of the ideal nome. In location, quality of materials used, and excellence of construction, it is an unusual house to be sold for \$5,000. It is situated on the Southeast corner of Tenth and D Streets Northeast, in a prosperous and refined neignborhood, and on a through car line. The house is built on the most approved modern these, in an admirable colonial design. The form is built of selected pressed brick, and is matched with large terrace parking.

It has six commodious or and is matched with large terrace parking.

It has six commodious or and bath, and so the form of the sit is an extractive of the building. It has six commodious or and bath increases in the six of the s
